<https://www.producthunt.com/posts/moodline>

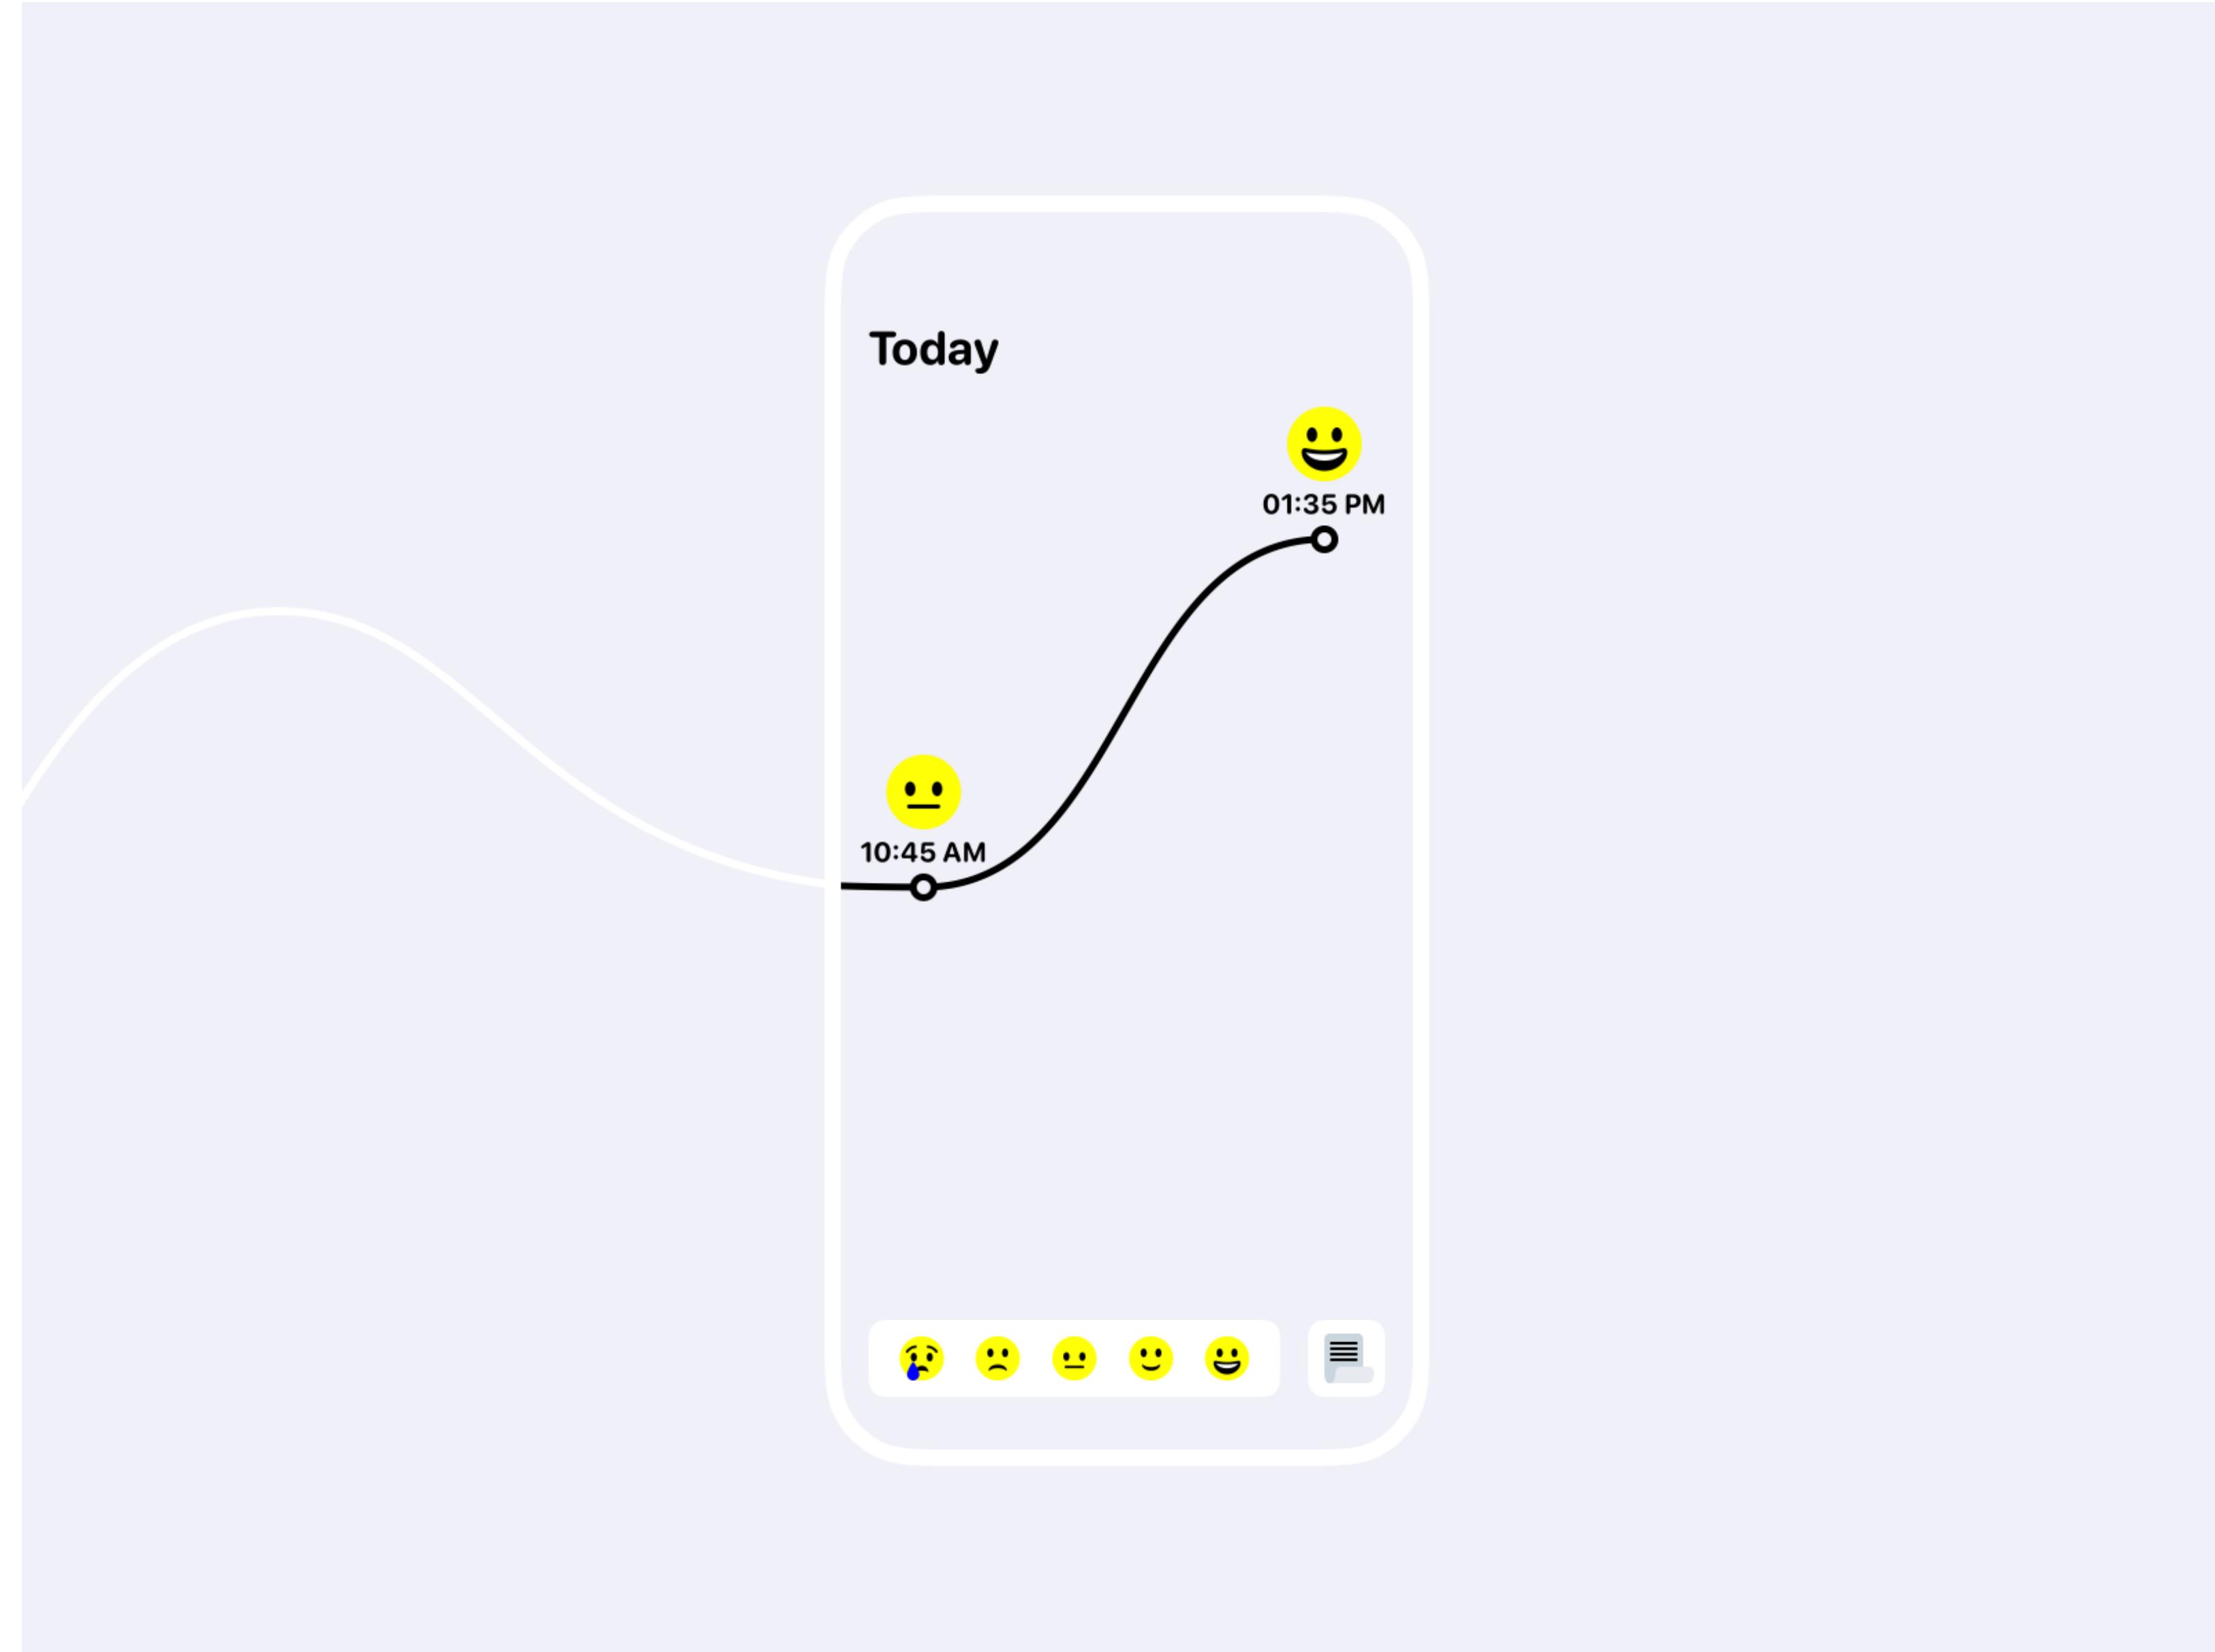

The screenshot shows the Moodline product page on Product Hunt. At the top, there's a navigation bar with a 'P' logo, a search bar, and links for 'Deals', 'Jobs', 'Makers', 'Ship', and '...'. On the right, there are 'Post' and '38' buttons, and a user profile icon. Below the navigation, the product title 'Moodline' is displayed with a dropdown arrow, followed by the description 'Infinite mood chart'. It shows an iPhone icon and categories 'HEALTH AND FITNESS' and '+ 1'. The main feature is a large image of the 'Infinite line for your mood' interface, which is a scrollable timeline showing mood fluctuations over time. Below this, a description states: 'Moodline is a completely new way to track your mood. Your mood is displayed on one infinite line: just scroll to reveal the patterns and factors that influence it. Log your mood with just one tap. Explore detailed mood statistics to learn more about yourself.' At the bottom, there's an 'Edit' link. To the right of the main image, there's a box indicating '▲ UPVOTED 183' with three user icons, a 'App Store' link for iPhone and iPad, a 'Twitter' icon, an 'Embed a badge' link, and a 'HUNTER' section featuring profiles for Tristan Pollock, Igor Dyachuk, and Alexey Primechaev. A '1F' badge is also visible.
